

GK Fuel Tanks

COMBINING TECHNOLOGY AND TRADITION SINCE 1976

GK FUEL TANKS

UL 142 Certified with Secondary Containment

GK is your reliable supplier of affordable, turn-key above ground steel fuel storage tanks. Whether you need bulk fuel storage for diesel, gasoline, bio-diesel, ethanol or oil, GK's double-walled tanks are easy to install and cost-effective.

GK Fuel Tanks weigh less than comparable concrete encased models, allowing us to ship tanks nationwide. GK's steel fuel tanks will meet your storage needs from 250 gallons on up to 18,000 gallons.

GK Fuel Tanks:

- Built to UL 142 quality standards for above ground fuel storage
- All steel, double walled, integrally sealed, with secondary containment
- Environmentally safe fuel storage
- Optimize on-site tanks to your supply management and fueling operations

GK Fuel Tanks standard package includes:

- Channel skidded tank
- Pump – 20GPM, 115 VAC
- Auto shut-off nozzles, hoses and vent piping
- Emergency vent and automatic pressure reliever
- Fuel level gauge and leak detection gauge
- Lockable fill/spill container
- Sandblasted for superior paint adhesion
- Painted with urethane based UV resistant paint
- Filter kit

Tank Sizes (in gallons): 250, 500, 750, 1,000, 1,500, 2,000, 2,500, 3,000, 3,500

Split Fuel Tanks - GK builds 'split tanks' for bulk fuel storage for diesel, gasoline, bio-diesel, ethanol or oil. GK's line of durable, split tanks are easy to install and cost-effective, providing you the convenience of two types of fuel in one tank.

Split Tank Sizes (in gallons): 250/250, 500/500, 750/750, 1,000/500, 1,000/1,000, 2,000/500
