

GK3530 Nut Cart

COMBINING TECHNOLOGY AND TRADITION SINCE 1976

GK3530 Nut Cart

GK Machine's 3530 Nut Cart is the perfect cart to combine with GK's Nut Harvesters. Both the cart and harvester are designed to handle the wet harvest conditions of the Pacific Northwest. If you deliver your product in bulk, the most efficient way to collect is with GK's pull-behind harvest cart, it receives nuts from harvester fast and efficiently. The sleek tapered shape helps to maximize internal volume while keeping overall dimensions as low as possible. GK has a long tradition of excellence, and our rugged construction assure many years of service in the future.
