

GK TRAILERS

COMBINING TECHNOLOGY AND TRADITION SINCE 1976

TRACKING TRAILERS POT DROP TRAILERS TILT TRAILERS FIELD TRAILERS CUSTOM TRAILERS

GK Machine's trailers are designed with efficiency in mind. Your entire agriculture crew will appreciate the durability and ease of movement. Our trailers are easily moved from location to location and can be placed in the most challenging of field conditions.

GK Machine's trailers are capable of handling all of your plant, material and equipment movement needs. Trailers can be equipped with a variety of options; steel side racks, stake pockets, 4-wheel steering and heavy duty spindles and hubs.

WE CAN CUSTOMIZE TRAILERS, JUST LET US KNOW THE FEATURES AND USE AND WE'LL DESIGN A TRAILER TO MEET YOUR OPERATIONAL NEEDS.

- **TRACKING TRAILERS** - track one behind the other so you can pull a train of them through the greenhouse or nursery and not worry about cutting corners.
- **POT DROP TRAILERS** - are designed to drop a load of containerized plants in pots to the ground in seconds.
- **TILT TRAILERS** - are perfect for any low clearance machine and works great from the warehouse to the work site to the home site. Common applications include mowers, rollers, forklifts, cars, and more.
- **FIELD TRAILERS** - Big jobs are made easier with GK's field trailers. Designed to haul materials from location to location and are easily maneuvered for efficient use of time.
- **CUSTOM TRAILERS** - tell us what you need and we'll build it! All custom trailers are heavy duty construction to ensure the trailer is easy to maneuver and will last for years.
